

BUG NIGHTMARES ARE SCARY.

Pesticides
are even worse.

MORE COMPREHENSIVE

Dyad Labs improves on the industry standard USP 561 method and delivers reliable results for 112 different compounds in more types of products/ingredients than ever before.

FASTER RESULTS

Testing done at our Salt Lake City Lab. Get results even faster with available rush testing.

MORE PRODUCTS

The Dyad Labs Method has been validated with botanical (plant based ingredients) and non-botanical (finished goods) products. Rapid and robust glyphosate testing is also available.
