

Dude, ☺ where's my CBD?

OTHER LABS ONLY QUANTIFY 10 CBD COMPOUNDS.

DYAD'S METHODS CAN MEASURE THE
16 MAJOR CANNABINOIDS.

**Dyad Lab's improved CBD testing
methods now offer:**

- Quantification of the 16 major/active cannabinoids
- Validated in a variety of raw ingredient and finished good matrices
- Ideal for low or high specification or concentration requirements
- Using UPLC and LC-MS/MS technologies
